ANNOUNCEMENTS

Remember the supper at Massapeas chapel, tonight, 6 to 8, 25 cents. AT THE AUDITORIUM

Fannie Ward in A Gutter Magdalene, Beatrice Fairfax and Three Acts of Vaudeville Today.

A new list of feature photoplays will be one of the new attractions at the Auditorium for today and tomorrow. Auditorium for today and tomorrow, besides the three acts of vaudeville which are playing at this house the last half of the present week. For today and tomorrow Jesse L. Lasky will present America's leading film star, Fannie Ward in A Gutter Magdalene by Williard Mack.
Fannie Ward, who created a sensation in the world of motion pictures by her performances in Cheat, Tennessee's Pardner, and other Lasky

nessee's Purdner, and other Lasky photoplays on the Paramount Pro-gram, is the central figure in a new photoplay by Willard Mack, author of Kick In and other successful plays, which gives a vivid picture of a phase of city life and is replete with stirring adventure and romance. In A Gutter Magdalene Miss Ward as Maida, finds redemption in her allegiance to the Salvation Army. As a worker for this great cause her path re-crosses those whom she knew in other days. Temptation is thrown in her way again. tation is thrown in her way again. The manner in which she successfully combats these temptations forms the remainder of the story.

The other feature picture on to-day's bill will be the fourth episode of the famous Beatrice Fairfax stories. each one taken from the letters re-ceived by Miss Fairfax in the Boston American and written for the screen by Miss Fairfax herself. Featured in each installment is Harry Fox and Grace Darling.

BREED THEATRE

frene Fenwick Featured in The Child of Destiny, Five Part Metro Drama The elaborate five-part Metro scree

production with Irene Fenwick in the stellar role is the feature at the Breed theatre for today and Saturday.

The Child of Destiny is an unusual story and was especially selected with Miss Fenwick's peculiar and pleasing talents in view. In The Sons of Songs Miss Fenwick charmed thousands of theatregoers, playing the role of a hoyden who affected boys' wearing apparel. Miss Fenwick is seen in ing apparel. Miss Fenwick is seen in the same sort of a role in a delight-ful chapter of The Child of Destiny. Later, she wears many fine gowns when she is transported from a deso-late swamp country to the whirl of

directors in the country, produced The Child of Destiny, and it is another one Child of Destiny, and it is another one of his screen masterpleces. Miss Fenwick is supported by a strong cast, including Mme. Ganna Waiska, Robert Elliott, Roy Applesate, Roy Clair, Martin J. Faust, William Vearance, William Davidson, R. A. Bresee, Elizabeth Le Roy, and other stage and screen artists.

The Breed will also present the famous Metro Travelogues and It Never Should Be, a screamingly funny compedy completes the bill for today and Saturday.

Beginning next week Wednesday

Beginning next week Wednesday and continuing every Wednesday and Thursday of each week the Breed will present the greatest motion picture of a generation. The Crimson Stain Mystery. This is positively the most startling serial ever attempted. It is a story of brain, skill genius love and power with Maurice Costello and Ethel Grandin at the head of the greatest of casts. It was directed by T. Haves Hunter and written by Albert Pay-son Terhune. You can see it every wednesday and Thursday at the Breed

Loomer Opera House, Willimantic. "Civilization, Thomas H. Ince's mil-lion dollar film spectacle which comes to the Loomer Opera house theatre October nineteenth, is remarkable for the fact that it presents on the screen the first filmed record of how a marine operates when attacking a big steamer.

It was through the instigntion of I Parker Read, Jr., Thomas H. Ince's tersonal representative, that the Unit. ad States government agreed to co-operate in the taking of this portion of the "Civilization," film. It is customary for the navy in its quarterly off Point Loma, San Diego, to use for target practice an old discarded steamer or freight vessel. Mr. Read agreed to furnish the battleship seen in "Civ-ilization," for this purpose, and on be-half of Mr. Ince to pay for the ex-pensive torpedoes and shells used in the fray. The government agreed to furnish two battleships, tw torpedo boat destroyers, one cruiser, and two submarines, the latter being of the

H boat class.

The battle as fought for the movies sctually lasted 27 minutes. There were 600 shots fired by United States jack tars and soldiers, to say nothing of another 600 shots fired in the air for the most part by the hired motion pic-ture soldiers. Of the 600 real shots fired by the United States Navy men. each one carefully timed and placed, alnety-two per cent, effective, which is a record Uncle Sam may well be proud

Miss Ruth L. Potter and Mrs. John Browning were at the Aloha camp in Northfield, Mass, this summer and gave an enthusiastic account of the week or two spent there. This summer's was the largest conference ever held in Northfield. The Aloha was one of six camps. The description of the prayers, which were held in a pine life there from the early morning grove behind the tents, to the sunset service on Roundtop Hill, carried the listeners back into the activities of the days—the classes over which were teachers of wonderful peasonality and influence, the practical talks by

Full of interest were the references by Mrs. Browning to the golden jubilee, one object of which is to honor the ploneers at home and these early missionaries, and her account of the work of one of these, and then of one who is working
